About Bluegate Corporation

Bluegate provides the nation's only *Medical Grade Network*® that allows hospitals and physicians to achieve physician and clinical integration by communicating in a secure private environment, improving patient care. As a leader in the healthcare industry of outsourced IT solutions & remote management services, Bluegate provides hospitals and physicians with a single source solution for all clinical integration & IT needs. Additionally Bluegate provides IT consulting through its professional services division and HIPAA-compliant, turnkey managed security services and interoperability solutions across its *Medical Grade Network*® for hospitals, physicians and other healthcare facilities. www.bluegate.com

Memorial Hermann Health Network Providers

Founded in 1982 Memorial Hermann Health Network Providers is the largest independent physician organization of its kind in Texas, with leadership strength unsurpassed in today's healthcare industry. We invest in our physicians and take pride in our network. MHHNP provides our member physicians the resources necessary to run an efficient practice, so they can focus on what really matters... patient care.

Employers throughout Texas turn to MHHNP to help manage their benefit costs. Whether it's an entire suite of medical and occupational benefit services, including full administration through our Third Party Administration (TPA) service line, or benefit plan design and consultation, our team of experts is here for you. With our aggressive approach to medical management, our network of highly qualified providers, and our experience, we continue to achieve significant cost savings for our clients, far exceeding national benchmarks. Further information is available at www.MHHNP.org or by calling 713-448-6464.
